

A20, A40 (1-way, 2-way, 3-way, 4-way)

Suggested Specification:

Aluminum curved blade supply grille shall be Tuttle & Bailey model A20 (horizontal blades) or A40 (vertical blades). The grille shall have individually adjustable curved blades. Construction shall consist of aluminum blades and an aluminum margin with a 1-1/4" wide border on all sides with mitered corners. Deflection pattern shall be available in 1-way (A201/A401), 2-way (A202/A402), 2-way corner (A20C/A40C) 3-way (A203/A403) or 4-way (A204/A404) construction. The grille shall be available with countersunk screw holes for a clean, unobtrusive appearance.

Optional volume adjustment damper (Model A0BD) shall be operable from face and constructed of extruded aluminum.

Optional multi-shutter volume damper (MSDM) shall be operable from face and painted to match the grille

Finish shall be Tuttle & Bailey White (WH) electrocoat finish. The finish shall be an anodic acrylic paint, baked at 315°F for 30 minutes with a pencil hardness of HB to H.
